

Weather & Seasonal Closures

Guest:

hey! i'm planning a trip to Dreamspire soon but worried about the weather. what happens if it rains or there's bad weather?

Salesperson:

hey! good question. Dreamspire is mostly outdoor, but we do have lots of covered areas and indoor attractions to keep you busy if it rains. we also have a flexible ticket policy — if the park closes due to severe weather, you can reschedule or get a refund.

Guest:

oh cool, how do i know if the park will close or delay opening?

Salesperson:

we update real-time info on our website and app. plus, if you give me your email or phone, i can send you alerts about any weather-related changes.

Guest:

yeah, email's [guest10@example.com]

Salesperson:

thanks! you'll get timely updates so you can plan better. and don't worry, most days are sunny and awesome here!

Guest:

what about seasonal stuff? does weather affect any events?

Salesperson:

some seasonal events are weather-dependent but we usually have backup plans or indoor alternatives. like our Winter Wonderland mostly indoors, and summer concerts have covered stages.

Guest:

nice. thanks for the info!

Salesperson:

you're welcome! hit me up anytime if you wanna check on weather or plan your visit.
