

9. Food & Dining Options

Guest:

hey, what kinda food options do u have in Dreamspire? i'm kinda picky and my friends too.

Salesperson:

hey! we got loads of options — from quick snacks to fancy sit-down meals. lots of themed restaurants too, like the *Starship Diner* with futuristic vibes, *Enchanted Eats* in Fantasy Realm for magical dishes, and *Toon Terrace Café* for kid-friendly stuff.

Guest:

do u have vegetarian or allergy-friendly options?

Salesperson:

absolutely! we label everything clearly and have vegan, gluten-free, and allergy-aware meals at most places. just ask staff if you need extra help.

Guest:

nice. can i make reservations for meals?

Salesperson:

yeah, some restaurants take reservations, especially for dinner or special dining experiences. you can book those through our app or concierge.

Guest:

cool. what about prices? is it expensive?

Salesperson:

it's pretty comparable to other theme parks. we got everything from affordable snacks to high-end dining, so you can pick what fits your budget.

Guest:

do u send info about food events or specials?

Salesperson:

yep! can i get your email or phone? i'll send you updates on food festivals, discounts, and new menus.

Guest:

Salesperson:
